

CLEANING PRODUCTS

FROM

IQ GREEN SOLUTIONS

Products from IQ Green Solutions cleaning range are green, natural, eco-friendly and easy to use. These products are made with Ano-Lyte and Catho-Lyte.

We provide a set of three basic products:

**25L
ALL PURPOSE CLEANER
(Catho-Lyte)**

**2,5L
IQ POWER CLEANER
CONC.**

**25L
STERILANT CONC.
(Ano-Lyte)**

From the three basic products provided, five essential cleaning products can be prepared:

ALL PURPOSE CLEANER

100% ALL PURPOSE CLEANER

ALL PURPOSE CLEANER is a mild ALL PURPOSE detergent **which doesn't foam**, but can be used to clean all kinds of materials and surfaces.

How to use:

ALL PURPOSE CLEANER can be used to clean and degrease all surfaces.

For general cleaning: Spray ALL PURPOSE CLEANER onto surfaces and wipe with a clean cloth. No rinse required.

For floors: Mix 1 litre (20%) of ALL PURPOSE CLEANER in 4 litres (80%) clean water and mop the floor. Alternatively, spray ALL PURPOSE CLEANER directly onto the floor and mop as usual, while rinsing the mop in clean water at intervals.

For stain removal: Spray area liberally with ALL PURPOSE CLEANER and let soak for 5-10 minutes. Blot with a clean, dry towel/cloth until stain is removed.

POWER CLEANER

MIX 10% OF POWER CLEANER CONC WITH 90% APC

POWER CLEANER is a heavy-duty soap that foams and can be used to clean all kinds of materials and surfaces. It is a strong degreaser and should be used if the **ALL PURPOSE CLEANER** isn't powerful enough.

How to use:

For general degreasing: Spray POWER CLEANER onto any surface and wipe with a clean cloth.

For ovens: Spray POWER CLEANER onto heated oven surface, let it stand for 30 minutes. Wipe with a clean cloth when oven is cooled down.

For Dishes: Mix 20% of POWER CLEANER in 80% clean water. Wash dishes and rinse with clean water.

For stain removal: Spray area liberally with POWER CLEANER and let soak for 5-10 minutes. Blot with a clean, dry towel/cloth until stain is removed.

WINDOW CLEANER

MIX 5% OF APC WITH 95% CLEAN WATER

WINDOW CLEANER is a mild surface cleaner suitable for ALL delicate surfaces such as WINDOWS, MIRRORS AND GLASSES.

How to use:

Spray **WINDOW CLEANER** onto glass surfaces and wipe with a clean cloth. Polish with a microfiber cloth to achieve maximum shine.

Ideal for general cleaning of windows, mirrors, shower doors, glass surfaces, delicate items, etc.

STERILANT

100% STERILANT CONCENTRATE

STERILANT is a strong sanitizer suitable to sterilise all areas containing a high concentrations of germs.

How to use:

STERILANT can be used on surfaces to sterilize and kill all infectious causing microorganisms in high risk areas.

Kitchen: STERILANT can be used to cold sterilize cutting knives, cooking utensils and cutlery.

Bathroom: To disinfect, STERILANT can be poured/sprayed into the toilet bowl prior after scrubbing with ALL PURPOSE CLEANER.

WARNING: STERILANT can stain textiles and can be corrosive to metals when exposed to the product for more than 10 minutes.

DISINFECTANT

20% CONCENTRATED STERILANT WITH 80% CLEAN WATER

DISINFECTANT can be used to disinfect everyday objects, surfaces and high touch areas. It can also be used to remove bad odours.

How to use:

General Disinfection: Spray DISINFECTANT onto degreased and cleaned surfaces and let air-dry or wipe with a clean cloth.

Kitchen: To prevent the spread of food-borne pathogens or cross-contamination, spray DISINFECTANT on cutting boards and counters and let air-dry. Repeat after every use.

Bathroom: Spray onto the exterior of toilets, degreased basins and showers.

Wipe with a clean cloth. No rinsing required.
